

**In the event that your senior adult goes missing, be sure to follow these steps, utilizing this Crime Stoppers of San Antonio Seniors Identification Kit during a search.**

- ✓ Contact your local law enforcement agency as soon as you discover your senior adult is missing or has been abducted.
- ✓ Search for your senior adult at or near their favorite locations, relatives and friends, and along routes to these locations.
- ✓ Restrict access to your senior adult's home until law enforcement has had an opportunity to conduct a search.
- ✓ Ask the responding officer if a community alert (such as a Silver Alert) has been considered.
- ✓ Obtain the name and contact information for the primary law enforcement officer assigned to your senior adult's case.
- ✓ Provide law enforcement with the following information:
  - The last date and time that your senior adult was last seen and the names(s) of the people they were last seen with, locations, and describe what they were wearing.
  - This Crime Stoppers Seniors Identification with up-to-date physical descriptions and an up-to-date photo.
  - General information about your senior adult's health and medical condition. For Silver Alerts, law enforcement require a physician's letter, on letterhead, indicating the impaired mental condition, date of diagnosis, patient's name, and physician's signature.
  - Information regarding the ongoing guardianship issues, court-orders, restraining orders, recent changes in behavior, and the name(s) of any individuals that have recently shown unusual interest in your senior adult.

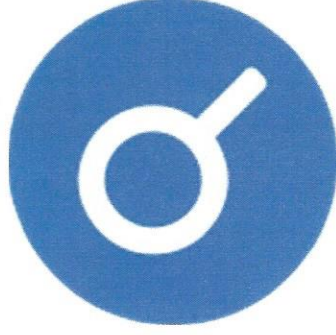

**This seniors identification kit is provided for guardians to keep a secure record of their senior adults. It should be kept in a safe place at home with other important documents.**
